

# NATIONAL ASSOCIATION OF ROCKETRY

*Serving the Sport Rocketry Community Since 1957*

## Chartered Section Certificate

This is to certify that

**MASA**

**Minnesota Amateur Spacemodeler's Association**

**NAR Section Number: 576**

is registered as a Chartered Section of the National Association of Rocketry, pursuant to the by-laws and constitution of the National Association of Rocketry, and entitled to all privileges and benefits accorded to NAR Chartered Sections. The National Association of Rocketry is a 501(c)(3) tax-exempt nonprofit educational organization. Each Section chartered by the National Association of Rocketry is protected by the Association's insurance policy, while engaged in Sport Rocketry, which includes the building or flying of non-professional consumer rockets and related Section Activities. The National Association of Rocketry's insurance policy protects NAR Sections for claims of bodily injury and/or property damage arising out of any accident when the Section participates in Sport Rocketry activities when conducted in accordance with the Safety Codes of the Association. The exact and specific details of liability protection and its exclusions are contained in the master insurance policy on file at NAR Headquarters. Additional information on the coverage is available on the NAR website at <http://www.nar.org/insurancefaq.html>

Effective Charter Date: April 23, 2010

Charter Expiration Date: April 4, 2011
